

## ABDOMINAL ISOLATOR E-1019

- Intelligent ergonomic design features comfortable seat pad with multiple positions for desired start.
- Converging axis design to replicate the body natural movement.
- Counter balanced weight provides a low start resistance to ensure exercise is performed smoothly and safety.
- All adjustments are identified with yellow knobs for easy recognition.
- 5/16" diameter weight selector pin magnetically locks in place and includes a lanyard to prevent loss.
- Placards, placed in the most visible position, provide step-by-step instructions, as well as pictures to illustrate proper use and muscles trained.
- Hand grips secured in place with aluminum collars, comprised of an extruded rubber compound that is non absorbing and wear resistant.
